

Don't miss the first ever European meeting for users of CESI-MS and those interested in the technology

Our agenda is now available and we can offer spaces only while they last to those who register through our online form.

Tuesday 30th September 2014: University of Strasbourg

10:00am - 10:30am	REGISTRATION
10:30am - 10:40am	SESSION 1
10:40am - 11:10am	Dr Stephen Lock..... Introduction.
11:10am - 11:40am	Dr. Alain Beck Therapeutic antibodies and related products: design, manufacturing and controls.
11:45am - 13:15pm	Dr. Yannis Francois Monoclonal antibodies complete primary structure and biosimilarity assessment in a single analysis using CESI-MS-MS.
13:15am - 13:45am	LUNCH AND LAB TOUR 1
13:45am - 14:15am	SESSION 2
11.10am - 11.40am	Guinevere Kammeijer CE-ESI-MS/MS as a tool in Protein Glycosylation Analysis.
14:50am - 15:10pm	Dr. Rawi Ramautar Probing a new volume regime in metabolomics by CESI.
15:10am - 15:45am	Prof. Herbert Lindner Application of CESI-MS on SILAC-based Quantitative Proteomics.
15:45am - 16:00am	COFFEE BREAK
16:00am - 16:30pm	SESSION 3
	Dr Andras Guttman Rapid multilevel characterisation of biologics using the CESI 8000 – AB SCIEX TripleTOF 5600+ Platform.
	Dr Stephen Lock..... Concluding Remarks.
	LAB TOUR 2
